TOMBALL INDEPENDENT SCHOOL DISTRICT

A place to learn, a place to grow

At Tomball ISD, school is not just where your children learn about the world around them – it’s where they make friends that they will keep for a lifetime, discover hidden talents, explore their imaginations and meet teachers who will change their lives.

We know that the education of your children is one of the most important decisions that you make. By attending Tomball ISD schools, rest assured that your children will be given the foundation for a lifetime and a love of knowledge to take with them from their first day in pre-kindergarten till they don a cap and gown.

Smaller classes, bigger opportunities

With a smaller district area and low student-to-teacher ratios, Tomball ISD gives your children an individualized education while at the same time offering exceptional opportunities with nationally-recognized clubs, award-winning athletics and a wide variety of fine arts classes. Your children not only receive all of the fundamentals, but beyond that, they will experience a well-rounded, fully encompassing education.

A school, a community

From the elementary to the high school level, parents and the community are an integral part of the learning environment in Tomball ISD. Parental involvement in the classroom and with after school activities set Tomball schools apart and helps create a unique learning dynamic among teachers and students.
